D. C. MUNICIPAL BUSSES BEGIN SCHEDULES TODAY

In a far-reaching endeavor to solve the pressing transportation problems of hundreds of local citizens who commute daily to San Francisco, Daly City today inaugurates her new municipal bus system.

Begun at 6 a. m. this morning, the service culminates months of research and planning on the part of city officials and is the city's second major venture into the field of municipal pownership of a public utility. Daly City already owns and operates her own water system with marked success.

With Market and Mission streets in the southern end of Daly City as their starting point, the busses travel through Daly City to Ocean avenue and Junipero Serra boulevard, where they connect with the "K" streetcar line to the ferry. It is estimated that the entire trip can be made in thirty or forty minutes since the busses are allowed fifteen minutes to travel from Colma to Ocean avenue; and the "K" cars, operating on a 2½ minute

Whist Tonight For Scout Benefit

Playing will begin at 8:30 p. m., tonight, at the huge whist party to be held for the benefit of Boy Scout Troop No. 101, at Theater hall.

Prizes have been coming in steadily for the past several weeks, and the committee in charge announce that they expect this to be one of the most successful whists of the year. Turkeys, hand-made linens and other valuable articles will be awarded.

Dancing will also be featured and a special invitation is given the young people to attend. In addition to a turkey awarded as a whist prize, there will be another turkey given to some lucky person during the evening.

Proceeds will be used to help Troop No. 101 continue their work with local boys. The committee in charge includes Mrs. Margaret Steele, Mrs. Frank Coughlin and Mrs. Tom Tallon.

Score cards are nominally priced. The public is urged to support the cause of Boy Scouts in this community by attending this whist.

Gunpowder Plot

The famous gunpowder plot of history occurred when Guy Fawkes entered into a conspiracy to blow up the king, his ministers, and the members of both houses of parliament on November 5, 1605. His plans were discovered after he had placed barrels of gunpowder in the building and prepared them for ignition. He was tried, tortured, and publicly executed in 1606. Parliament set aside November 5 as a day of thanksgiving known as Guy Fawkes day, which continues to be celebrated in some parts of England.

Holiday Dance Set for Saturday

Following the smash success of their initial Sunday dance and barbecue, November 26, the Night Owls club will hold a big anniversary dance tomorrow evening at Lovchen Gardens, Colma. Colma.

Beginning at 9 p. m., the affair will feature holiday festivities; refreshments will be available, and union music will provide an atmosphere of gaiety. Admission prices have not been raised, and the public is cordially invited to attend.

Club members state that beginning December 16 they will sponsor a jitterbug contest. Details will be announced later.

The Night Owls are a young social club of Colma and South San Francisco, who have acquired a wide reputation for giving successful dances. The organization sponsors a public dance at Lovchen Gardens the first and third Saturday evenings of each month; and from 2 to 6 p. m., the second and fourth Sundays of each month.

Frequent Cleaning Is Protection for Woodwork

Interior woodwork finish will last longer and look better if subjected to frequent and thorough cleaning.

It may be kept clean by periodic removal of surface dust and by preventing the formation of grease film. Woodwork should be washed or cleaned when dusting is inadequate. For cleaning varnished or painted surfaces, solvents that will attack the covering must be avoided as well as abrasive preparations.

A good quality of soap will usually do a satisfactory job. When the paint is flecked, marred, or discolored, it is necessary to resurface the woodwork.

Refrigerator Tips

Perishable food always should be placed in the refrigerator as soon as possible. Raw fruits and vegetables are best washed first under running water and the outside of milk bottles wiped with a damp cloth. Left-overs should be cooled, if necessary, and placed in spotless, tightly-covered containers to keep odors from escaping and uncongenial flavors from mixing. Foods with strong odors, such as cheese, if put into the refrigerator, should be kept on a top shelf.

Cause of Earthquakes

Most earthquakes are caused by faulting—or slipping of the earth's crust—although some are of volcanic origin.

"—A Dame From Newark!"

Barbara Stanwyck is co-starred at the Daly City theatre with Adolphe Menjou and William Holden in Columbia's "Golden Boy," which is based on Clifford Odet's sensational stage success. Miss Stanwyck is seen as a disillusioned young woman who finds romance for the first time when she falls in love with a young musician who has turned prize-fighter.

schedule, make the trip from Ocean to the ferry in approximately 20 minutes.

The busses stop only at corners, charge a 5c fare, and operate every fifteen minutes during rush hours, from 7 to 9 a. m., and from 5 to 7 p. m. The remainder of the day, the busses run every thirty minutes, from 6 a. m., to 10 p. m. These schedules are tentative only, Mayor Selmi pointed out, and may be changed next month if the traffic warrants it. Busses will operate only every 30 minutes on Sundays and holidays.

Exact route of the busses remains as oriignally planned except that busses turn off Mission at Crocker instead of at Wellington, as formerly planned. Leaving Mission and Market streets in the south end of Daly City, the busses travel northerly along Mission to Crocker avenue, easterly to Hanover, northerly to Acton, westerly to Sickles, to Alemany boulevard to Junipero Serra boulevard, northerly along Junipero Serra boulevard to Ocean avenue.

On the return trip, the busses operate along the same route until reaching Mission street and Westlake avenue, where they proceed westerly along Westlake to Junipero Serra boulevard, southerly to Washington street, easterly to San Pedro avenue, and northerly to Market and Mission streets, the original starting point.

Vacant Prison

In the 25 years since it was built the gaol building at Port Moresby, Papua, reserved for white prisoners, has had only two occupants—the last more than 10 years ago.

"Golden Boy" Tells Tender Love Tale From Broadway Hit

The thrilling, tender story of youthful dreams . . . triumphant against a mighty city's heartbreak! The sensitive story of a boy's tragic conflict . . . and a girl's joyous love!

It's "Golden Boy," the internationally-famous stage success by Clifford Odets, now playing at the Daly City theatre in a Columbia Pictures production. Directed by Rouben Mamoulian and starring Barbara Stanwyck, Adolphe Menjou and William Holden, the stirring new drama has been hailed as a gripping story of raging conflict and warm romance.

Companion feature on the new bill is "Bad Lands," starring Robert Barat and Noah Beery jr.

Appearing this evening on the stage of the theatre will be the Daly City Community Players in a presentation of three home-talent comedies, with a cast which includes such names as Frances Poket, Dorothy Selmi, Jean Sirvain, Elmer Shannon, Carl Sirvain, Alfred Bulf and Jack Murray. Specialty acts will feature Ted Guisti, pianist; Frances Poket, high kick and acrobatic dancer, and Mary Maloney, who will sing popular songs.

NDGW Offer Turkeys as Prizes

Some fortunate whist player will win a huge turkey as first prize next Wednesday evening, December 6, at the whist party planned by El Carmelo Parlor, No. 181, and the Drum Corps, NDGW, at Masonic temple.

Starting promptly at 8:30 p. m., the affair will feature many outstanding prizes, including a second turkey, which will be awarded at a drawing during the evening. Chairman of the event is Miss Margaretha Schade, assisted by members of the groups.

Score cards are nominal in price, and the public is cordially invited to attend.

The local parlor of Native Daughters of the Golden West have given several public affairs within recent months, and are well known for the success of their parties. Members in charge of Wednesday's whist report that the outlook for the coming whist, Wednesday evening, is even better than usual.

Finds Aquatic Plant

Ending a search conducted by botanists for 70 years, Herbert L. Mason, curator of the University of California herbarium, has discovered flowering specimens of the Wolfiella, a small aquatic plant, in the marshes of the San Joaquin valley. The flower is about the size of a pin point.

Scouting the Shops

with Sally

● We don't know why, but it all of a sudden smote us last week that Life is real, Life is earnest. To be a wife and a mother is no light matter, we reflected, and no fit subject for jesting.

● We put on our spectacles and our Sunday hat, thinking soberly of our duties as a Citizen and a Consumer. Then we stepped magnificently into one of Daly City's new municipal busses and were whisked uptown in the twinkling of an eye. Soft green leather seats, overhead lighting, and a 5c fare made us almost forget that a citizen of this great nation of ours does not sing on busses, neither does he sleep.

● By the time we had our spectacles properly adjusted, we found ourselves at the top of the hill, earnestly consulting Page 5 of the Shopping News for a list of those merchants whose convenient location on the new bus line saves money and time and effort for the people who shop at home.

● Milo's Market had some beautiful red persimmons in the window, but we resolutely averted our eyes from such frivolities and concentrated on the more solid and worthwhile things of life, like potatoes and flour. We did find some bargains, too--10 pounds of sugar for 51c; No. 10 bag of flour, 35c; 100 lb. sack Idaho Gems, $1.47; steer beef roasts, 18c lb.; fresh herring, 3 lbs. 25c. Then we went over and bought the lovely red persimmons.

● Which made us feel so conscience-stricken we wondered whether after all we were capable of Higher Things, and whether we dared trust ourselves at the Geneva Bakery to buy a loaf of fresh bread. Their cakes look (and are!) so delicious.

● Nor did Edwards Drug store help us to keep our mind on practicalities. But after all, Christmas is coming and we know of few places where we can find such inexpensive—and such alluring—gifts as at Edwards. Even Santa Claus would be enchanted into forgetting that he set out to be a Solid Citizen.

● With our arms full of exciting bundles, we paused outside for a moment to read a notice of the big whist the Native Daughters are planning at Masonic temple, Wednesday evening, with free turkeys as prizes.

● And while mentally devouring both the drumsticks, we remembered that a neighbor of ours had asked us to look around for some inexpensive, quality feed for her chickens, so of course we hastened down to Lucca Ravioli company, where Egg King Laying Mash is $1.94 a sack. There we became intrigued with a free pitcher with two packages of Wheaties; and with Softasilk Cake flour, 23c; and 1 lb. can of potato chips for 29c.

● Feeling that we were having altogether too much fun for a consumer, we returned to the top of the hill and bent over the intricacies of a motor at Meritt Electric shop, because Sammy will have nothing else for Christmas. It was a very impressive motor, and sold on easy terms, but was a bit too heavy to carry home, and as we reached the outside door, we began secretly regretting that we had refused the clerk's offer to deliver it.

● Our regret did not long remain a secret. A few wild, vain lunges for slipping bundles—then all was over, with Sally standing bereft in the middle of Hillcrest drive, surrounded by a large motor (which had hit nine out of ten toes); a dozen beautiful fresh ranch eggs from Robertson's Egg Store, nicely scrambled on the sidewalk; a bottle of thick yellow cream from the Mission Creamery trickling sadly down the street; and a number of interested spectators who had momentarily forgotten that Life was a serious matter.

● Where is John? we reflected furiously. Why is it that husbands always turn up missing at a time like this? Just because he likes to go to the Hilltop Lodge so well, is that any reason why he should remain there indefinitely?

● Queer lights flashed on and off through our brain, and we recognized them as the beckoning lights of Reno. For a moment, standing there on Hillcrest drive, we were tempted. But then we remembered that "Mutiny on the Bounty" opens at the Daly City theatre soon, and one mutiny at a time is really sufficient.

● Of course in the end it was a Boy Scout, doing his daily good turn, who rescued us from what was a pretty intolerable situation. He drove away with the remains on his bicycle, leaving us in a state of inarticulate gratitude, resolving that if one benefit in town really deserved support it is the big whist party at Theatre hall tonight for the benefit of Boy Scout Troop No. 101.

● John still hadn't appeared, of course, and our coat being beautifully mottled by eggs, cream and motor grease, we wandered forlornly down to Beeson Cleaners for emergency first-aid.

● After which we wandered forlornly back, and tried to concentrate on the really wonderful furniture bargains that the Daly City Second Hand Store is offering this week. The price reductions there impress even frivolous people like us.

● (Speaking of prices — Castle Garden Grocery has Challenge salad oil at 89c a gallon; tomatoes, 3 cans for 10c; and is open Sundays and evenings.)

● Our morale still completely shattered from our late unhappy experience, we headed for Farmers Meat company, knowing that if anything could restore our faith in the world, it would be the warm smiles and friendly joking you always find at Farmers Meat company . . . to say nothing of their fine meats, imported groceries and complete delicatessen department.

● By the time we emerged, we were even looking people in the eye again. The Daly City Cut Rate Market saw us once more as a responsible housewife, thriftily availing ourselves of their sensational 15c sale of soap chips, which we intend to use (along with a gallon of Sani-Clor which we bought there for only 29c) in our tricky new washer from Byrne Radio store. (By the way, Byrne has one of the most complete and inexpenisve lines of washers in town). Also at the Cut Rate were other outstanding close-out bargain prices on such items as orange juice and asparagus. (And any General Consumer will agree that a free butter dish with a package of Bisquick is not to be disregarded.)

● We were even feeling cheer-

Jumping Beans

Most Mexican jumping beans come from the province of Chihuahua; they are the seeds of various members of a family of swamp trees listed as euphorbiaceous plants. When the plant is in blossom a small moth (Carpocapsa saltitans) lays an egg in one part of the flower. The hatched larvae bore into the growing beans but do not attain full growth until the beans are hard and ripe. The larva inside the bean moves it by coiling up and then suddenly extending itself. Later in the season it cuts a circular door through the bean and changes to a pupa, and then, when the pupa is transformed to a moth, it escapes through this door. Close examination of the bean will show this means of exit.

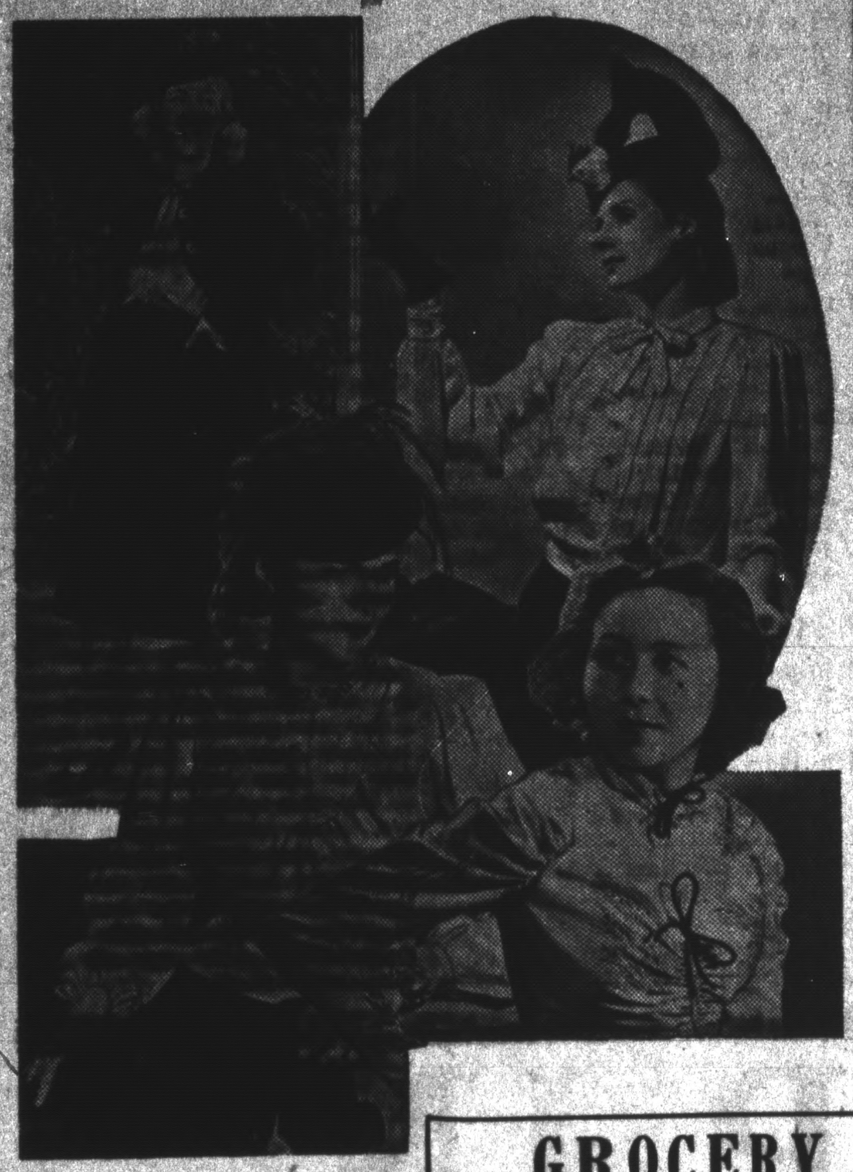
It's a Blouse, Chic and Lovely, That Gives 'Oomph' to the Suit

By CHERIE NICHOLAS



SUITS are in! And now for the upkeep in the way of one flattering blouse after another to wear with the suit of your choice. For as we all know it's the blouse that gives "oomph" to the suit.

One among many of the likable things about the blouse is that it so graciously fits into the scheme of things, enters, so to speak, into the mood of its wearer, being formal or informal, sportsy or dressy to suit time and occasion. One good-looking suit and a wardrobe of versatile blouses and your clothes problem is solved, for via a proper blouse one can meet almost any emergency in dress.

The world of fashion has gone wildly blouse-conscious this season. About the most exciting spot in shopping districts these days is where blouse displays hold forth.

The revival of sterling quality white satin for the blouse marks a significant highspot in the present program. See the smart white silk satin blouse pictured below to the left in the illustration. Note that the sleeves are long and full, gathered into a snug-fitting band at the wristline. Sleeves in the new blouses trend in three directions: short, bracelet length or long, as here shown. The silver necklace and jewelry worn with this blouse add a note of formal elegance.

Flower Vases

Flower vases should always be washed thoroughly with soap and hot water when withered blossoms are being discarded, lest bacteria which decay the stems of flowers survive in the vase and shorten the life of the fresh blooms which are put into it.

Not only is white satin a favorite in the blouse realm, for satin blouses in pastel tones are being shown in tempting array.

Many of the latest models have a yoke at the back with a gathered-in full blouse effect below. With the voluminous graceful long sleeves and self-satin buttons down the front a youthful soft styling is achieved.

For dinner or daytime "dates" a pale pink silk chiffon over-blouse (the very new and smart type finished with band that fastens over the skirt belt line) is shown above to the right. A solid tucking back and front, together with gold embellished glass buttons, bespeak style for this dainty blouse. A rooster head in gay colors with coq feathers trim the pill-box hat, which is significant in that wing, feather and bird trimmings, milliners tell us, are quite the smart idea this season.

Regarding the blouse shown below to the right, the spontaneous impression one gets at first glance is the formal elegance of this model, and rightly so, for it is just that, elegant and formal. It glorifies a black velvet daytime suit. In the evening wear it with a copper-colored metal cloth skirt and you will be dressed to the queen's taste. It is made of sumptuous white satin, patterned with a delicate tracery done in copper. The perky bow ties, the long fitted sleeves and the deft use of shirred fullness are distinctive style touches.

In the panel to the left behold a costume of the present suit and blouse trend. The jacket and skirt are of black wool with nubby self-stripe. The blouse is of fine faille silk in the new blue that reminds of royal. It has a clever group-shirring down each side of the front stressing the current trend to achieve soft fullness through artful shirring.

Exchange Privilege

Because of American shoppers' extensive use of the privilege of returning goods, large department stores must check off one day's sales in every eight to returns and allowances. The Twentieth Century fund, which conducted a study of the subject, found that the ratio tended to decrease with smaller stores.

Scouting the Shops

(Continued on Page 4)

ful as we went down to Westlake Market to make a sensible purchase of 100 feet of clothesline for 49c and loin pork at 22c a pound. Then we so far forgot ourselves as to buy some luscious caramels, 15c a package, which we were very stickily devouring when our Aunt Hepzibah walked in and caught us.

● To cover our confusion, we explained that sweets furnished quick energy for working, and wouldn't she like to come over some evening next week. But she said no, she was going to attend the special meetings at the Grace Presbyterian church all next week. They have an outstanding speaker scheduled and special music.

● And did we know, she continued, eyeing the one caramel we had dropped upon the floor, that the New Process Laundry had an excellent special on this week, whereby they will renovate and sanitize a pillow for only 49c?

● Much abashed, we finally began our homeward way, thinking over the events of the last few hours and deciding that perhaps we had not been cut out for a Solid Citizen after all. We decided that it might be better to give it up as a bad job, which secretly relieved us a great deal. It was with something of the old spring in our step that we turned in our gate.

● And there was John, waiting for us, with his arms full of begonias and pansies and marigolds from the Daly City Nursery and a sheepish smile upon his face.

● "You know, I've just been thinking dear," he said. "We really should take life a little more seriously, if you know what I mean. What do you say we start now? A few posies around the house will give everything a more substantial air—and then if we can act a little more like Solid Citizens . . ."

Nantucket Island

A striking feature of the homes of old Nantucket island, a high spot on many of the 52 Pilgrim Tours of New England offered by the New Haven Railroad, is the "Widow's Walk" which surrounds the chimney, and often the whole roof, of these old houses. Here the wives of the sailors and captains of the whaling ships which put out of Nantucket in the days of her greatness used to walk, high above the breakers, to watch for the sails of their husbands' ships returning.
